1. About ACE

The **American Center for Education (ACE)** is a higher education provider in Singapore established in 2007 through collaborations with university partners in the University of Wisconsin System.

ACE offers promising higher education programs with an American perspective for both local and international students in Singapore. ACE helps them to acquire the knowledge, skills, and confidence they need to succeed in today's challenging world market.

The Republic of Singapore offers a favorable social environment and a rich diversity of cultures, in a global city that is renowned worldwide for its efficiency, safety, and cleanliness.

Vision, Mission and Core Values

Vision

To be recognized in excellence for global higher education.

Mission

To provide our students with a world-class education to enable their personal growth and success with an open-minded and global perspective.

Core Values

- Academic Excellence
- Continuous Improvement
- Engagement
- Inclusiveness
- Integrity

Our Culture

- Our 'Culture' includes the values, beliefs, and attitudes that guide and shape the behaviors and activities of everyone at ACE.
- ACE encourages a 'culture of Lifelong Learning'.
- ACE provides an engaging learning environment for our students.
- Our management team will serve as role models for our values displaying integrity, respect and care.
- The student support services that we provide to our students will create a culture and climate of fairness, care, trust, and friendliness for our students.

In line with our values and culture of our college, we wish to inculcate a culture of Lifelong Learning in the teaching environment as well as the strategic development of transforming every student enrolled in the ACE to be the best they can be. Every student regardless of their nationalities especially those from the neighboring countries comes with one aim and that is to excel in their studies of choice. Due to their lacking proficiency in the English language, they are deemed to be slower at the beginning of the transition period but usually able to accelerate exponentially given the right learning environment. Hence, the teaching strategies adopted by the college as well as the lecturers become of paramount importance towards the academic pursuits and success of these students. Given this scenario, it is, therefore, necessary for the college to embrace the newly founded paradigm shift which greatly changes the learning landscape in the past ten years or so. Hence, it explains the urgent need for both our educators as well as learners besides acquiring knowledge but also sharpen our skills to better equip ourselves for doing a job well when entering the job market.

ACE Commitment

At ACE we are committed to providing our students with access to a quality educational experience based on both UK and US Higher Education Systems. The broad knowledge base and skills encountered in the ACE curriculum prepare students to pursue further educational opportunities and to take their place in our dynamic global society. The ongoing involvement of the ACE management, the efforts from the experienced industry professionals, and the continuous support from renowned University Partners assure the quality of the ACE academic programs.

All members of the staff at ACE are devoted to giving personal attention to each and every student. Your success in achieving your educational goals is our number one priority. We promise you that we will spare no effort in helping you realize your highest aspirations and ambitions.

ACE focus on four areas (Guaranteed Services, Fee Collection, Security of Personal Data, and Quality Assurance) in the daily operations to ensure the quality services and high student satisfaction rates.

2. Introduction of the Committee for Private Education and EduTrust

Committee for Private Education and EduTrust

The **EduTrust Certification Scheme** has been customized specially by the **Committee for Private Education (CPE)** for the private education industry in Singapore.

Established under the Private Education Act, the Committee for Private Education (CPE) is an agency under the SkillsFuture Singapore (SSG) a statutory board empowered with the legislative power to regulate the private education sector. In addition to its role as the sectoral regulator of private education institutions, the CPE facilitates capability development efforts to uplift standards in the local private education industry.

CPE aims to regulate the private education system more effectively and to improve its quality. Other than the enforcement of an Enhanced Registration Framework (ERF), Private Education Institutions (PEIs) can apply for a voluntary certification scheme known as EduTrust that will help to distinguish higher quality players and lift industry standards in the long run.

EduTrust covers the protection of fees paid by students and introduces additional requirements such as academic processes, corporate governance and administration processes, management of marketing agents and student support matters.

The website for the Committee for Private Education, Singapore is at www.ssg-wsg.gov.sg.

3. Student Contract

- 3.1 It is compulsory to sign the STUDENT CONTRACT between the student and ACE. The contract lays out the important terms and conditions governing the relationship between the student and ACE. ACE will honor all terms and conditions spelt out in the contract and in all communication materials.

Students are required to sign the Form 12 Advisory Note to Student & Standard Student Contract before paying the course fee.

You should have received your Student Contract to sign before starting your course.

4. Student Fee Protection and Medical Insurance

4.1 Fee Protection Scheme

The Fee Protection Scheme (FPS - the Fee Protection under the Insurance Scheme) serves to protect students' course fees in the event a private education institution is unable to continue operating due to insolvency, and/or regulatory closure. The Fee Protection Scheme also protects students if the private education institution fails to pay penalties or return fees to the students arising from judgment made against it by the Singapore courts.

The private education institutions with EduTrust license are required to adopt the Fee Protection Scheme to provide full protection to all course fees paid by their students. All course fees refer to all monies paid by the students to be enrolled in a private education institution, excluding the course application fee, miscellaneous fees (non-compulsory and non-standard fee paid only when necessary or where applicable, for example, the re-exam fee or charges for credit card payment etc.), GST and others being defined.

ACE is adopting the FPS Insurance Scheme to provide fee protection to all the students. ACE has entered into the Agreement with Liberty Insurance to provide the insurance coverage for course fees being paid to ACE.

Only after signing of the advisory note and student contract, the students are then allowed to pay to ACE's bank account or deliver the payment to ACE finance office.

Note:

1. The FPS is mandatory for both part-time and full-time students. Students studying in an EduTrust-Certified private education institution need to pay course fees of up to a maximum of 12 months of their course duration.
2. Under the **FPS Insurance Scheme**, please provide the accurate email address to receive the copy of the Certificate of Insurance (COI).
3. Should you need more information with regards to this Fee Protection Scheme (FPS), please refer to the Committee for Private Education (CPE)'s website (www.ssg-wsg.gov.sg) for more information. Alternatively, you may call CPE at +65 6512 1140 for more information and enquiries.
4. Please refer to ACE website to view our latest FPS Certificate.

4.2 **Medical Insurance**

All ACE enrolled students are protected by a Medical Insurance (MI) Scheme which is additional protection for students. If you choose to not to pay for the insurance, please notify us before you sign the student contract.

The standard medical insurance being provided by ACE is as follows. (Please refer to ACE website for any updates of medical insurance.)

For existing students with approved deferments:

- A signed student contract with FPS insurance shall remain valid until the expiry date of the contract.
- On the day when the student returns to ACE to continue the study, if the existing contract with FPS insurance is expired, a new contract with a new FPS insurance shall be implemented for the unconsumed course fee. If the existing contract with FPS insurance is still valid, an addendum to the contract shall be issued with amendment on the FPS insurance.
- Student's Pass holders will be required to cancel their Student's Passes if the deferment period is more than 2 months, and they will be required to leave Singapore unless the supporting documents prove it is necessary for the student to stay in Singapore during the deferment period (for example, medical treatment in Singapore).
- Student's Pass holders will need to re-apply for Student's Pass 02 months before the date of commencement of the deferred study if the Student's Pass has been cancelled or is expired. The renewal of a Student's Pass is not guaranteed. A refund for the unconsumed course fees is not eligible if such Student's Pass application is rejected by ICA.

- If a deferment request is submitted after the cut-off point, the affected ongoing module(s) shall be recorded in the final transcript. The student could request to change such final grade of 'F's (Failure) to 'W's (Withdrawn) which will not be calculated into the final GPA.

Students are responsible to maintain satisfactory attendance rating (**at least 90%**), demonstrate satisfactory academic and non-academic achievements, conduct appropriate behavior, and settle all the outstanding fees. Failure to do so will result in the non-renewal of the Student Pass.

Attendance in all your scheduled classes, lectures, tutorials, and practical training sessions is compulsory. Regular attendance is very important to gain the most from your program.

Be punctual and arrive before class commencement as a gesture of respect to your Lecturer and fellow classmates. You are not to leave before the end of class. The Lecturer or school staff will take attendance of students during each class/session.

Three-hour and four-hour classes will have a short break around 05 to 10 minutes for each hour. You must return promptly to your class at the end of the break.

12.2 Student Attendance Policy

All students who are Student's Pass holders must achieve a **minimum attendance of 90% per month**.

To qualify for the final examination, students must **achieve a minimum 75% attendance rate** for the module.

All students must submit valid medical certificates for such absences.

Students who need to apply for a leave of absence with a valid reason(s) must submit the application form for management approval, which is on a case-by-case basis. A written consent letter from the parent or legal guardian is required for students below 18 years of age.

ACE shall notify the Immigration and Checkpoints Authority of Singapore (ICA) whenever the student who is on a Student's Pass is absent continuously for more than seven (7) days or if the monthly attendance is less than 90% without a valid reason. In cases where ACE is aware of the circumstances of a student's inability to attend assessments and/or examinations (e.g., compassionate grounds, hospitalization etc.) and endorses his or her absence, alternative arrangements, if any, will be made known to the student. In cases where additional costs are incurred for such alternative arrangements, the student will be required to pay the additional costs.

If a candidate is unable to sit for any subject due to unforeseen circumstances, he or she must inform the ACE within 72 hours after the examination. For absence due to medical reasons, ACE accepts medical certificates from a registered medical practitioner. A medical certificate (MC) produced must be dated on the day of the examination that the candidate was supposed to sit. ACE cannot assume responsibility for your safety and actions when you travel during your leave. If you are below 18, you will need to provide supporting documentation of your parental and/or legal guardian's approval with your leave application.

If you are a Student's Pass holder, ACE must know where you will be when you are not in Singapore. You will need to provide ACE with the places of residence or accommodation where you will be staying and your contact numbers together with your leave application.

If you wish to travel in the region, you may need a visa from the country you wish to visit – you will need to apply for it at the country's embassy in Singapore.
